

Authors:

Laura K. Brennan, PhD, MPH

Philip Bors, MPH

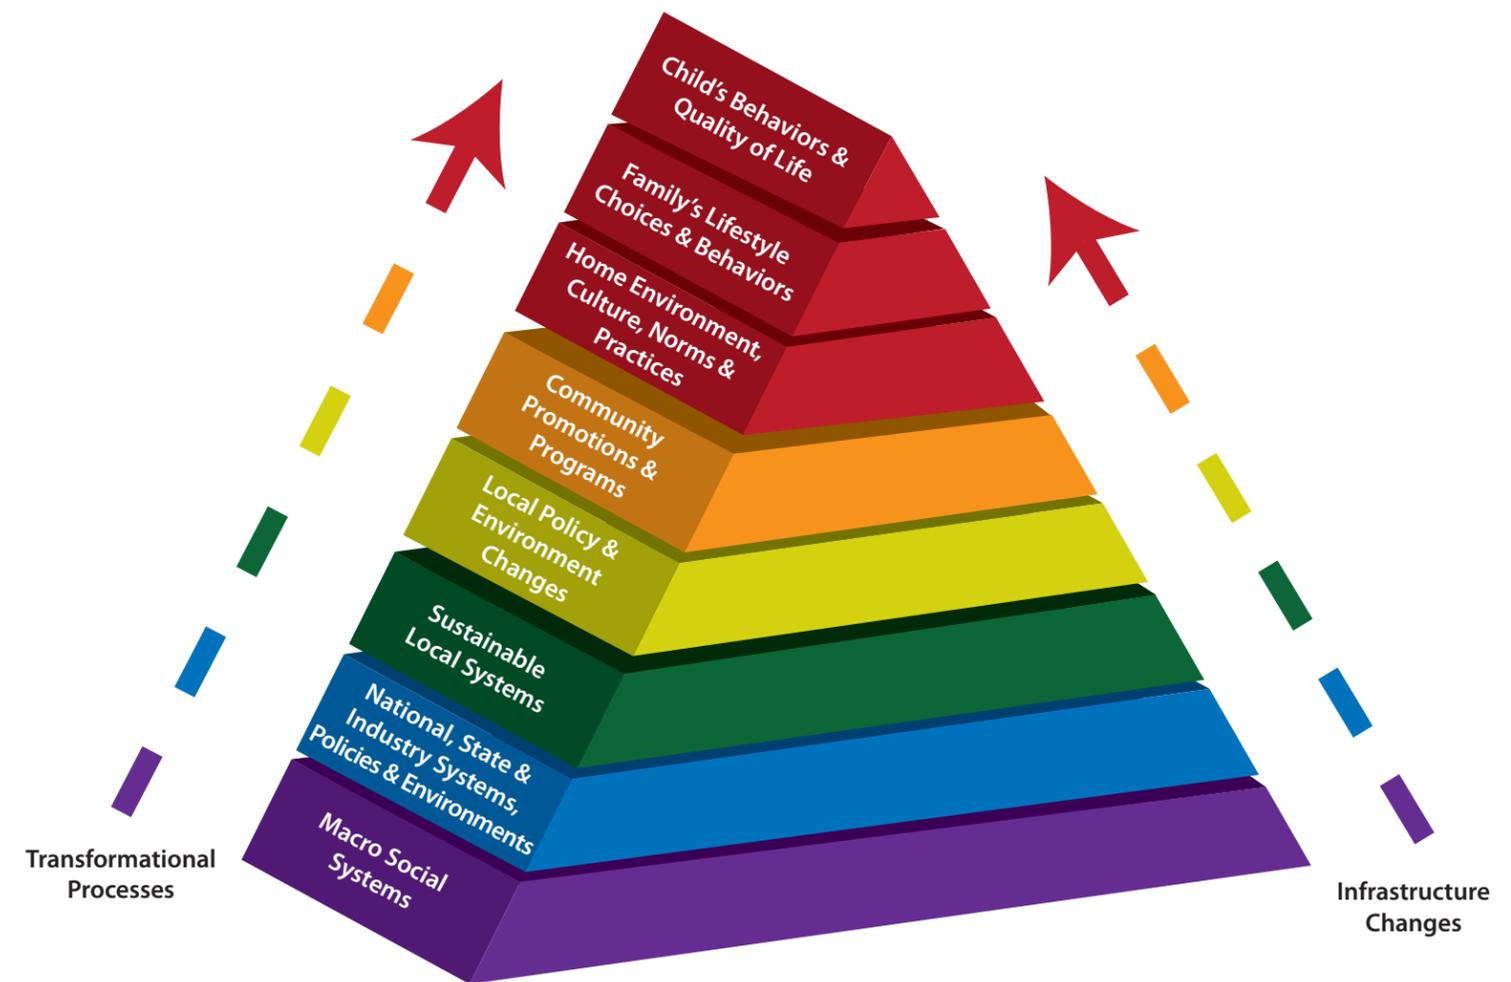

Rich Bell, MCP

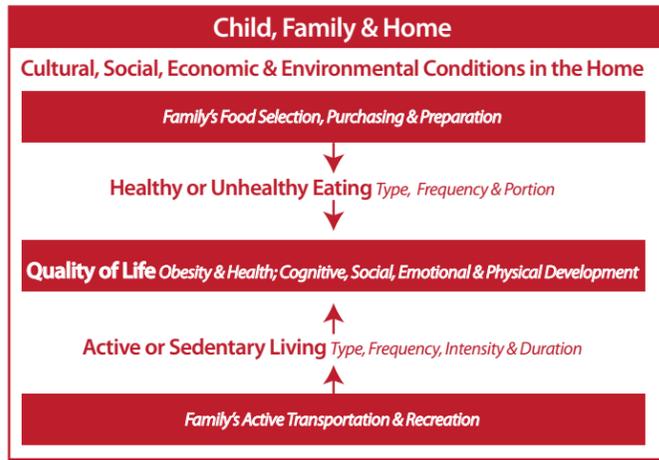

Mark Dessauer, MA

Acknowledgments:

Development of this logic model was supported by the Robert Wood Johnson Foundation grant #65923. Authors are very grateful for the guidance and contributions of partners from Transtria LLC (Tammy Behlmann, Sarah Castro, Julie Claus, Courtney Jones, Peter Holtgrave, Allison Kemner, and Laura Runnels), Active Living By Design (Fay Gibson, Joanne Lee, Mary Beth Powell, Timothy Schwantes, Sarah Strunk, and Risa Wilkerson), Washington University Institute for Public Health (Ross Brownson, Cheryl Carnoske), Robert Wood Johnson Foundation (Laura Leviton, Punam Ohri-Vachaspati, and Celeste Torio), and many representatives from the Healthy Kids, Healthy Communities Leading Sites (Baldwin Park, California; Central Valley, California; Chicago, Illinois; Columbia, Missouri; King County/Seattle, Washington; Louisville, Kentucky; Oakland, California; Somerville, Massachusetts; Washington, DC; see www.healthykidshealthycommunities.org/).
